# Enrique L. Portela

Full Stack Developer · IT Professional · Miami, FL

## SUMMARY

Results-driven Full Stack Developer and IT Professional with 5+ years of hands-on experience spanning software development, infrastructure management, and field IT support. Proven ability to build modern web applications, administer Windows Server environments, deploy and maintain POS systems, and solve complex technical challenges across diverse client environments. Bilingual in English and Spanish.

## EXPERIENCE

**Tecnica Systems — Miami, FL** Current

**IT Field Technician / Helpdesk Specialist / Project Manager**

- Deploy, configure, and service POS systems across local supermarket chains, ensuring minimal downtime and operational continuity.
- Provision servers and workstations — OS installation, software deployment, hardware configuration, and domain integration.
- Administer and optimize client databases, ensuring data integrity and system performance.
- Troubleshoot and resolve hardware failures, LAN/WAN connectivity issues, and network equipment configurations.
- Manage Group Policy Objects (GPOs) and Active Directory across Windows domains to enforce security policies and standardize environments.

**ePhone Solutions — Miami, FL**

**IT Technician**

- Diagnosed and repaired smartphones, tablets, and computers — screen replacements, battery swaps, and component-level repairs.
- Provided technical support and guidance to customers, managing inventory and facilitating sales of accessories and parts.
